Data Scientist

Soulimen LAOUEJ

Data Scientist and IA engineer, seeking new opportunities

CONTACT

Location : Paris

Email : soulimenlaouej@gmail.com

Phone : +33 7 82 86 98 27

Date of birth : December 27, 1997

Nationality : French

SKILLS

Language:

- English : Profesionnal (Toeic 900 pts)
- French : Native

Technical:

- Agentic AI
- HPC
- Python
- C++
- Cuda
- SQL
- Docker
- Team management

PORTEFOLIO :

WORK HISTORY

Data Scientist and AI Engineer
Bourse Direct, Paris | September 2021 – Present

Intern - Data Scientist
Bourse Direct, Paris | April 2021 – September 2021

Self-Employed Consultant
Barcha, September 2019 – Present

PROJECTS

Durandal Library (Bourse Direct)

- Successfully designed and developed an automatic parallelization library named Durandal, improving performance for complex projects by effectively utilizing resources.

Weather Market Project (Bourse Direct)

- Led successful development of an innovative project aimed at rapidly analyzing and forecasting market movements using intelligent management of massive data streams, in different periods.

BD BlockChain Infrastructure (Bourse Direct)

- Implemented and developed a secure and distributed blockchain infrastructure ensuring integrity and traceability for financial transactions within the company.

MeetingIA

- Directed development of an advanced AI application MeetingIA, which automatically synthesizes meeting discussions and ideas exchanged during a session, delivering comprehensive and structured reports to attendees.

WikiBDIA (Bourse Direct)

- Setting Up a Holistic Office Productivity Suite: LLM Conversational Agent, Self-Reading Documents, and Image Generation.
- Arranged configuration of LLM chatbot, self-operating document reader, and picture generating module
- Revolutionized traditional office practices with hands-free text-to-speech and multimedia solutions.

HDFS Storage Solution

- Succesfully implemented a modern and versatile big data storage and analysis solution, enabling efficient handling and analysis of large datasets.

EDUCATION

Universidade da Coruna - Master - HPC
September 2020 – June 2021
- University of A Coruña | September 2020 – June 2021

CY TECH (ex EISTI) - Master 2 - Mathematics engineering
September 2018 – September 2021
- Engineering school, Cergy
